SHREE MALANI GROUP

For the last three decades, Centuary Mattresses has been leading the way in innovation and manufacturing in the nation's mattress industry. The brand's unyielding drive to help India sleep better has led to numerous disruptions and made Centuary Mattresses the bedding industry pioneer.

Centuary Mattresses – headquartered in Hyderabad – has exponentially grown its product range to cater to every customer in the Indian market. The product portfolio provides a wide array of sleep solutions, including **spring mattresses, foam mattresses, coir mattresses, memory foam mattresses, orthopaedic mattresses, and sleep accessories.**

The brand has also understood the evolving needs of new-age consumers and created **Sleepables** – an online sleep solutions store catering to the younger generation by offering the finest mattresses and sleep accessories in just a few clicks.

Centuary Mattresses also launched **Beddy** – an exclusive mattress brand for babies and children. Beddy understands that the needs of the developing bodies of babies and children are different from adults, and Beddy helps to provide mattresses that cater to this need.

Centuary now brings the same mastery of foam and sleep science into the living room with **Centuary Sofas**. The core of this new category is the brand's defining philosophy Comfort Re-Engineered. Every Centuary Sofa is built on this promise – a balance of technology, design, and lifestyle. With superior wooden framing, high-grade foam, and meticulous craftsmanship, these sofas are designed to deliver not just style, but enduring comfort.

Centuary Mattresses' geographical footprint has also grown far and wide across 21 states in India, with over **5000 dealers** and over **500+ exclusive brand stores**. Centuary Mattresses is India's first ISO-certified mattress brand and the nation's leading exporter of mattresses and mattress components.

Awarded with **"Star Export House"** from Ministry of Commerce & Industry.

TAKING OUR QUALITY ACROSS THE WORLD.

The Star Export House Award by Ministry of Commerce & Industry

The Shree Malani Group, comprising of Shree Malani Foams Pvt. Ltd. and Centuary Mattresses, has won the coveted 'Star Export House' award from the Ministry of Commerce & Industry. The certification is valid for five years, i.e. from 2021 to 2026. And with this notable achievement, we have emerged as the first and only mattress and mattress components company to be awarded this honour in the past five years. This achievement also solidifies our stance as the most preferred manufacturer for prominent international buyers on the back of superlative quality and process compliance, audits and controls, and government recognition. We are the only company with AEO-Tier 2 compliance for Supply Chain Security and Process Management. Shree Malani Foams is India's largest exporter of mattress and mattress components, with supplies to Russia, Europe, the USA, the Middle East, and South Korea. We have been setting new, innovation-led benchmarks in the comfort & bedding industry by partnering with international furniture and retail brands for global supplies. This prestigious recognition from the Ministry of Commerce & Industry is a tremendous honour. It will only push us to continue to build on our offerings to deliver exceptional value to our global customers. As a group, we are wholly aligned with the Government of India's Make in India initiative, thanks to our fully integrated in-house manufacturing in Hyderabad.

Know Your Mattress

Premium Fabric Covers

Viscose Fabric Cover with EuroTop Finish

Embrace luxury with our premium knitted natural and breathable viscose yarn fabric that comes with an all-new EuroTop finish with antimicrobial foam padding.

Grip+[®] Anti-Skid Fabric

The Grip+ base fabric holds the mattress in position and prevents slippage on any bed surface.

High GSM Stretch Knit Breathable Fabric

Stretchable knitted fabric of the highest GSM enhances the performance of the pressure relieving comfort layers.

Skin Friendly Organic Cotton Fabric Cover

Natural plant based yarns blended to provide the most skin friendly & organic fabric cover for a premium & cool sleep experience.

Natura-Qool Fabric

Natura-Qool fabric is a way unique with its breathability and moisture-wicking capabilities. This helps the fabric to keep the mattress cooler and dry anytime for you to sleep cooler; finished in the EuroTop finish for added comfort & plushness.

Pressure Relieving Comfort Layers

Q-GEL[™] Copper Crystal Memory Foam with CuSense[®] Technology

The memory foam layer enhances orthopaedic pressure point response and our proprietary CuSense[®] technology aids in heat management.

Ergo Form[™] Transition Foam

The multi-layer mattress configuration and the ergo-form foam layered technology add the extra comfy factor.

Centrik Pro 3 Zone Responsive Cushioning[™]

A 3-zone support system offers greater back support and stability, while enhancing airflow through its channels.

Anti-Microbial Shield[®]

An antimicrobial mattress will protect you against every type of microorganism, from bacteria, fungi, mold, dust mites, and even viruses.

Plush Hypersoft Quilt

Century's proprietary quilting foam is antimicrobial treated, and extra soft - to bring out the true feel of the layers below.

ProAdapt Shape Responsive Memory Foam

Proprietary memory foam formulated to adapt to the body contours & relieve pressure points.

CNC Contour Cut Airflow Foam

Inhouse developed CNC contour cut foams offers extra breathability & shape responsive cushioning for an enhanced pressure relief.

Edge Support / Border Technology

Luxe Design Quilted Border with Activ-Edge[®] Support

The elegant styling of the Luxe-Design and Activ-Edge[®] support of the dual quilt composed of fibre and foam combine to make this a great sleep experience.

OrthoFoam Encasing with Activ-Edge[®] Support

A hard foam encasing around the spring assembly ensures the core stability and durability so you have a restful sleep.

Jacquard Weave Wrinkle Free Designer Border

The fabrics don't wrinkle. The fabrics are composed of high quality fibers that remain in original shape.

3D AirMesh Breathable Border

Specially designed breathable border with a 3D mesh structure to facilitate airflow and keep the mattress fresh & cool.

Natural Materials

Certified PinCore Latex

100% natural & breathable latex foam - punched with pincores to enhance airflow, durability and a superior surface feel.

OEKO TEX Certified Orthopaedic Rubberised Coir

Certified firm & durable mattress core, recommended for orthopaedic benefits & spine support.

Copper BioCrystal Natural Cooling Technology

Natural Cooling Technology to manage surface microclimate of the mattress using copper crystals to rapidly conduct the heat away from the body.

7 zone Certified Pincore Latex

Designed to provide targeted support and comfort by dividing mattress into distinct zones with varying firmness levels, ensuring better alignment of the spine and enhanced pressure relief.

Temperature Neutral Natural Wool Fabric

Helps regulate body heat by keeping you warm in cooler conditions and cool in warmer environments. Naturally breathable and moisture-wicking for all-day comfort.

Durable Core Technology

CertiPUR certified HiRez foam with X-Bounce[®] Anti Sag Technology

The durable and resilient HiRez foam layer composed of high-density PU foam forms the mattress core and enhances 'bounciness'.

High Coil Count Tempered Steel Bonnell Springs

The high coil count tempered steel bonnell springs in the mattress core offers support and balance for an unparalleled sleeping experience.

DuraFirm Rebonded AirMesh Foam

Finely chipped premium bonded foam acts as a resilient & orthopaedic mattress core.

2K Motion Isolation Pocketed Coil Technology

Individually encased springs use motion isolation technology for zero partner disturbance and an uninterrupted sleep experience.

THE HYBRID > COLLECTION

This is the most luxurious mattress collection created by Century.
The Hybrid Collection is made using innovative materials such as Micro Springs,
Latex Foam, CNC Contour Foam and Copper Gel Memory Foam.

chakrazen

Chakrazen is a concept-inspired mattress designed around the seven body chakras, creating a harmonious sleep experience that supports both physical comfort and inner calm. With intelligently zoned support from head to toe, it promotes proper spinal alignment, pressure relief, and deep relaxation through the night. Crafted to adapt naturally to your body with its 7-zone ergonomic support, responsive micro springs, and breathable latex comfort, it helps reduce tension, improve sleep quality, and restore balance—so you wake up refreshed, centred, and energized.

With 8" & 10" thickness, Chakrazen caters to varied comfort preferences while maintaining its signature soft firmness feel while offering a 15 year warranty.

EarthBed

Earthbed is designed with an orthopaedic sleep principle to support healthy posture and reduce pressure-related discomfort. Its precision engineered contours create varied firmness zones that maintain correct spinal alignment throughout the night. With a medium-firm comfort, Earthbed offers enough firmness to support the back, yet comfortable enough to relieve pressure on the shoulders, hips, and lower back. This makes it suitable for all sleepers.

It's 8" variant with a tight-top finish offers more structured, supportive surface, while the 10" variant with pillow-top finish adds extra cushioning for enhanced pressure relief without compromising posture support.

ORTHO LATEX

Ortho Latex is a thoughtfully engineered mattress that combines the resilient comfort of latex with the strong, stable support of rebonded foam, delivering reliable orthopaedic support with lasting comfort. Designed for those who prefer a medium-firm sleep feel, it helps maintain proper spinal alignment while reducing pressure on key body points.

Ortho Latex features a pillow-top finish that adds a soft, cushioning surface without compromising the mattress's supportive core. The latex foam gently contours to the body with higher breathability, while rebonded foam provides exceptional strength and durability. Built for dependable performance, Ortho Latex is backed by a 7-year warranty, offering peace of mind along with restorative sleep.

PU REST

PU Rest is a CertiPUR certified reversible foam mattress at an affordable price point. As the name suggests, it is made using the 'purest' foams for enhanced comfort & durability, while finished with superior knitted fabric quilt. The proprietary ContourNest air flow layer ensures the mattress remains fresh over its extended life. Choose between two versatile thickness options - 6 inches for a compact profile or 8 inches for added cushioning. Designed for longevity, the PU Rest mattress maintains its shape and supportive qualities over time, ensuring a lifetime of restful sleep.

Your Child's Sleep Specialist

Growing children sleep 10-12 hours, wherein their bone and muscle growth occurs. Thus, a special mattress that supports their growth optimally is a necessity. Leading pediatricians from all over the world mandate that babies should sleep on only firm mattresses for their safety and proper development

To ensure the safest sleep for Indian children, Centuary mattress, the largest exporter of mattresses from India with 35+ years of manufacturing experience, brings international best practices in its Baby and Child Mattress Brand Beddy.

A pioneer in the baby mattress industry, Beddy is the ONLY baby mattress in India that uses natural, certified materials making mattresses exclusively for babies and children. Your Child's Best Sleep Buddy?

The 100% Natural Mattress.

Buddy Nest is made entirely from natural and certified components, buddy Nest is the best choice for your child.
