RECLINERS COLLECTION 2025

MILLO LUXE

Italian Soul. Global Comfort.

Italian Soul. Global Comfort.

From Florence's poetic hills to the calm of coastal winds, MILLO LUXE is sculpted by the spirit of Italy. Born of design mastery and 50 years of artistry, each recliner brings home a legacy of stillness, elegance, and soul.

Our Heritage

Born from Italian Heritage. Perfected Over 50 Years.

MILLO LUXE recliners are a tribute to Italy's design legacy - where every line, curve, and stitch reflects generations of craftsmanship.

Inspired by the ateliers of Florence and Milan, our recliners blend timeless tradition with modern comfort. For 50 years, we've upheld the values of beauty, detail, and effortless elegance.

Italian Soul. Global Comfort.

Our Mission.

To craft elegant recliners that unite Italian heritage with contemporary living - guided by care, craftsmanship, and timeless sensibility.

Our Vision.

To be a global icon of Italian comfort and design, shaping beautifully restful spaces rooted in warmth, culture, and enduring style.

Our Legacy.

For over five decades, MILLO LUXE has carried the soul of Italian artistry - passed through generations of master craftsmen. Each recliner is a tribute to this legacy, shaped by hands that honor tradition, and hearts that embrace innovation.

“Form follows feeling.”

Our Designers.

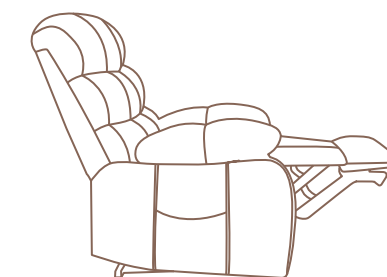

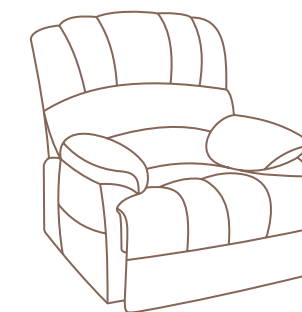

From the romantic symmetry of Florence, the bold style of Milan, and the timeless elegance of Venice - Millo's design philosophy is shaped by Italy's most iconic cities. Each recliner reflects this rich, regional soul - in every stitch, silhouette, and stillness.

Creation Phase:

Where Art Meets 50 years of Craftsmanship.

Our expert artisans turn design into reality, hand-fining each stitch, sculpting every curve, and using premium materials that blend Italian tradition with modern innovation. Every MILLO LUXE furniture piece is made to age beautifully and reflects the maker's true craftsmanship.

Technical Phase:

Feathers & Framework - Strength Beneath the Surface.

Like the hidden strength of a bird's wing, our recliners are built from robust hardwood frames, precision - cut steel mechanisms, and engineered fiberboards. Selected upholstery fabrics and foams are tested for resilience, comfort, and purity-made to hold you, softly and securely.

Colour, Quilting, & Foam Selection Phase:

Sculpting the Glide - Foam, Finish & Feel.

Our artisans sculpt foam like air shaping a wing - light, ergonomic, perfectly contoured. Each curve is cushioned, each seam intentional. From plush fabric to natural leathers, every recliner is tailored with intuitive comfort and timeless tone, much like the plumage of a bird - elegant, seamless, and striking.

Detailing & finishing Phase:

The Landing - Final Assembly & Quiet Perfection.

With every part aligned and every detail in place, the recliner is born. Checked by touch, tested in silence, it is cleared for its final journey. When it reaches your home, it doesn't just arrive-it lands. And like a bird alighting on still waters, it brings calm, beauty, and balance to your world.
